Please register by Wednesday June 18, 2008
At www.dvcug.org or call (302) 285-0730
\$30 Full Members
\$40 Non-Member
\$40 not pre-registered

The New Power Equation from IBM

The New Power Equation

IBM Power Systems unifies IBM's highly successful integrated platform, System i, with its fast growing UNIX operating systems platform, System p. IBM is also introducing IBM i, the new name for i5/OS operating system, featuring the newest release IBM i 6.1. With Power servers, you can take advantage of this single platform for all your IBM i, AIX and Linux applications. Visit the Power Systems Website now, to learn more.

DB2 for i, On Demand Performance Center, & Possible DB2 Futures Discussion

The new IBM Power Systems and IBM i 6.1 has received rave reviews. Mark Anderson, a Distinguished Engineer and chief architect for DB2 for i5/OS will be presenting the exciting enhancements that were shipped in DB2 for i 6.1, including DB2 enhancements to SQL, performance, availability, the On Demand Performance Center, and more. A live demonstration will be shown of the On Demand Performance Center.

In this role, he has primary technical responsibility for the architecture, design, and implementation of DB2 for i5/OS. Mark was primarily responsible for the first SQL implementation on AS/400 (for which he received a Corporate Award).

About The Delaware Valley Computer User Group

Founded in 1981, the Delaware Valley Computer Users Group (DVCUG) is a community of business systems professionals. The primary focus of the organization is education related to IBM midrange computer systems and associated technologies. A general meeting and educational event is held multiple times per year. The DVCUG is run by volunteers who serve on the Board of Directors and various planning and event organizing committees. All members are encouraged and invited to participate in shaping the future direction of the group and contributing to its success. DVCUG purchase/refund policy: Please be sure you can attend before prepaying. DVCUG cannot provide refunds since your payment goes toward the meal we order for you. If you pre-register and do NOT attend the meeting, you will be billed for the Full Meeting Registration Fee if not pre-paid.

PLEASE POST ON YOUR COMPANY BULLETIN BOARD
